Subject: Chat with Andrew Stein
From: Andrew Stein <steinlink@gmail.com>
To: barriticus@gmail.com

Andrew: fool
Andrew: sorry
Andrew: I meant, "yo fool"
me: no problem
me: you need to do something
me: download Liberal Crime Squad
me: 4.04
me: just give it a shot, have the wiki open
Andrew: tell you what
Andrew: ill do that,
Andrew: never
Andrew: .
me: you know
me: did I ever tell you that I hate you more than anything in the universe?
Andrew: yes
Andrew: Im going to try binding of isaac though
me: "Beating a hostage lowers its relationship with all of the Liberals tending it when it was beaten, but not with any other Liberals. It is therefore possible to have one Liberal beat the Conservative to lower its Wisdom, and then to have another come in to take advantage of the lowered Wisdom to raise its Heart through conversion attempts."
me: you should, definitely
Andrew: and I bought gods & kings
me: that too
me: but I want you to read what I just pasted and think about it
me: "Since the Conservative will be Enlightened soon after its Heart is four or more higher than its Wisdom, simply beating it is not enough because its Heart and Wisdom will simply reach 1 and stay there."
me: you don't have the balls to tell me that's not cool
Andrew: I don't have the balls to do alot of things
Andrew: but this isn't one of them. That's not cool.
me: "Hallucinogens are not good for the Conservative's health, and each dose is likely to reduce the Conservative's Health stat by one. If this reduces its Health to zero, the Conservative will die of an overdose."
me: "Some clothing makes your Liberal more effective at lowering Wisdom during beatings:
Police Uniform or Body Armor (+4)
Black Suit/Dress (+4)
Clown Suit (+4)

Elephant Suit (+4)
Donkey Suit (+4)
Bondage Gear (+4)
Mask (+4)
Army Uniform or Body Armor (+4)
Guard Uniform (+4)
Death Squad Uniform (+6)"
Andrew: why would anyone use police uniform over bondage gear?
me: dude, one of my guys has a john aschroft mask
me: so I would use neither
me: I kidnapped a conservative cable news personality using a veteran army guy one of my old ladies managed to seduce into the cause, tried to convert him before his absence was noted...
me: with intent of having him be a "sleeper"
me: but didn't go well and ended up beating him to death in one of my two secret hideouts, while giving him drugs
me: he had hugged me thinking I was Ronald Reagan shortly before
me: so, when you're ready to apologize, I'll be here
